

# BORED? THEN JOIN OUR BOARD

Are you a strategic thinker, have a professional background but also wanting to make a difference in the community?

Then why not become part of a committed board enabling older Australians to remain healthy and independent for as long as possible.

Bridges has some exciting plans including new business ventures and is seeking to build its governance capability to ensure it can maximize these opportunities and adapt where needed.

If you would like more information or discuss this opportunity further, please contact Dr Mark Glazebrook on 0456 901 588 or [mark@on-purpose.com.au](mailto:mark@on-purpose.com.au)

#### Who is Bridges?

Bridges Connecting Communities has served Melbourne's Outer East for over 40 years. Providing transport and social connectedness for local residents, Bridges has helped ensure older Australians continue to live at home whilst maintaining their health and wellbeing.
